

AIR CAP POOL LEAGUE NEWS

WELCOME LEAGUE PLAYERS TO THE 38TH SESSION OF THE AIR CAP POOL LEAGUE!

GET YOUR HANDICAP RIGHT...

In the first week we had several teams that either used the wrong handicap from the book or failed to come up with the correct handicap for new players.

The FIRST place you are to check for the handicap average is the black folder in your packet. Anyone who has EVER played at least 3 times in our league for the same team will have an average in this list. **The average is to the right of the player's name, not on the left side!**

If you are a NEW player to our league (no established average in the book), after you have played all four games add up your total score. Look in the black folder on page B to determine your average based on your total score. Once all players have an average, you total them to determine if any handicap points are to be given to either team in the match.

BYES

Currently we have 4 byes in our league. If we get these filled, any team that previously had the bye will be scheduled for a make-up match on the off week. Please remember that all weeks are \$28 including the bye week. Teams pay for all byes, this makes the pay back money correct for a 7 team division as opposed to a 6 team division, etc.

WHICH RULES DO WE USE!

ALL DIVISIONS (EXCEPT TUESDAY OPEN VNEA) ARE USING THE MODIFIED B.C.A.P.L. RULES. PLEASE FIRST REFER TO THE RULE BOOK THAT IS INCLUDED IN YOUR BLACK FOLDER FOR CLARIFICATION OF RULES. (ONLY TUESDAY OPEN VNEA USES VALLEY RULES.) AFTER YOU CHECK THE RULE BOOK, IF YOU ARE STILL CONFUSED, YOU ARE WELCOME TO GIVE ME A CALL FOR FURTHER CLARIFICATION.
